# Hope Scholarship Program: School and Microschool Administrator FAQs

## I. School Setup & Enrollment

### 1. How do we set up our school account?

Answer:

- Check email for invite link (by July 22nd)
- Set password and complete attestations
- Update school profile
- Connect bank account via Plaid

- Set tuition and fees

## 2. When can families select our school?

A: Families can select schools from July 26th, after claiming their accounts.

## 3. How do we ensure our school is listed as approved?

Answer:

- All platform schools will be in the family-facing drop-down list
- Schools listed as "School Name - City" to avoid confusion
- Public website list updated after all accounts are claimed

## II. Funding and Payments

### 4. When will funds be available in student accounts?

Answer:

- First installment: August 15th
- Second installment: January 15th

### 5. How does invoicing work in the new system?

Answer:

- Go to Enrollment Periods tab > Manage Roster > Generate Invoice
- Multiple invoices can be submitted throughout the school year
- 7-day approval process, payment within 24 hours of approval

### 6. Can we use our own invoicing system (e.g., FACTS)?

Answer: Use the new platform for Hope Scholarship students. Your existing system can be used for non-Hope students or portions not covered by Hope.

## III. Tuition, Fees, and Services

### 7. How do we enter varying tuition and fees?

Answer:

- In tuition/fee schedule: Enter maximum amounts for each category
- For non-standard services, such as tutoring/aftercare, use the product functionality

### 8. How do we handle discounts or varying rates?

Answer: Enter specific discounted amounts when verifying individual student enrollments.

#### 9. How do we add products or services beyond standard tuition and fees?

Answer:

- Go to Products tab > Add Product
- Select category, enter price and description
- Submit for approval

## IV. Student Management

#### 10. How do we process student withdrawals?

Answer:

- Families and Students tab > Mark Withdrawn
- Provide withdrawal date and additional info for refund calculations

#### 11. How are prorated tuitions handled?

Answer: Enter actual start/end dates for late enrollments or early withdrawals. The system calculates prorated amounts based on these dates.

## V. Technical Questions

#### 12. How does the system handle bank account connections?

Answer:

- Uses Plaid for secure bank connections
- Must connect before submitting invoices
- Edit Organization > Connect Bank Account > Follow Plaid prompts

#### 13. How do we add additional users to our account?

Answer:

- Your name (top right) > Manage Users > Invite New Admin/View Only User
- Each admin should have their own account and protect their credentials

## VI. Need More Help?

For detailed, step-by-step instructions with screenshots, refer to our comprehensive Portal User Portal Guides.
