FROM THE CHAIRMAN

Hello,

Thank you for your interest in the Hope Scholarship program and educational choice options in West Virginia.

In 2021, the West Virginia Legislature passed, and Gov. Jim Justice signed House Bill 2013 creating the Hope Scholarship Program – hailed by many as one of the broadest educational freedom and school choice initiatives in the country. The bill entrusted responsibility of this program to the Hope Scholarship Board, with the State Treasurer serving as chairman and our Office providing staffing and logistical support for the program. Unfortunately, the inaugural year of program operations during the 2022-2023 school year was interrupted due to an injunction against the program that was later overturned by the West Virginia Supreme Court. While the Hope Scholarship Board and my Office quickly overcame the legal challenges and delays after the ruling, the program only operated for a portion of the school year and participation in the program was hampered.

The 2023-2024 school year was, therefore, the first full year of operations for the Hope Scholarship. I am proud to say that program participation grew from 2,333 students during the 2022-2023 school year to 5,443 students during the 2023-2024 school year. Total Hope Scholarship student spending increased from $7.7 million to $22.3 million in 2023-2024. Because of increasing demand for the program, the Hope Scholarship Board voted to change the application windows for the program and began accepting applications year-round from eligible students with a prorated funding model based on the date of the application. As a result of these changes, more than 11,000 students have been awarded the Hope Scholarship for the 2024-2025 school year, which demonstrates a clear desire for educational freedom in the state of West Virginia.

Earlier this year, I was excited to announce that Hope Scholarship enrollment numbers met the threshold established by the state Legislature to expand this program to all West Virginia school children beginning in the fall of 2026. This will be a monumental leap forward for educational choice, allowing tens of thousands of additional West Virginia families to access the program.

Our efforts to expand the program don't stop there. Our Board recently approved a policy that will allow children of military service members who are required to temporarily relocate to another state to remain Hope Scholarship eligible when they return to West Virginia. This will create greater access and flexibility for the program, and for our West Virginia military families who choose to participate.

I want to express my sincere thanks to the Hope Scholarship Board, our staff and the families involved in this program for their hard work and patience as we worked diligently to operate this program and address the growing demand. I'm proud to help every family and child be able to obtain the educational opportunities they believe work best for them.

HOPE SCHOLARSHIP 101

What is the Hope Scholarship?
The Hope Scholarship is an education savings account program available for kindergarten through 12th grade students. It is designed to allow parents and families to use the state portion of their child's education funding to tailor an individualized learning experience that works best for their child.

When was it created?
The Legislature passed the Hope Scholarship Act during the 2021 legislative session to help expand school choice options for West Virginia students and families.

When did it launch?
Applications for the 2022-2023 school year launched on March 1, 2022. More than 3,000 students were originally awarded the scholarship for the 2022-2023 school year; however, a Circuit Court injunction against the program halted all program operations from July to October 2022. After the injunction was overturned and the program resumed in the middle of the academic year, many families did not want to disrupt their child's education by changing their school choice in the middle of a school year. The 2022-2023 school year finished with 2,333 scholarship participants. The 2023-2024 school year operated the full year and saw program participation grow to **5,443 students**.

Who is eligible?
To qualify for the Hope Scholarship, a student must be a West Virginia resident and be either:
- Eligible to be enrolled in a kindergarten program.
- Enrolled full-time in a public elementary or secondary school program in this state for the entire instructional term of the academic year preceding the year for which the student is applying to participate in the program.
- Or, enrolled full-time and attending a public elementary or secondary school program in this state for at least 45 consecutive calendar days during an instructional term at the time of application. The student must remain enrolled and attending public school until a decision is reached on their application.

How can someone apply?
Applications and program information are available online at **www.HopeScholarshipWV.com**. During the 2023-2024 school year, students were able to apply from March 1 to May 15. Students who were ineligible to apply during the application window but who became newly eligible for the program under the 45-day rule were eligible to apply at any time during the year and the Hope Scholarship Board accepted late applications from eligible students who missed the deadline on a case-by-case basis due to extenuating circumstances. The Hope Scholarship Board updated the legislative rules for the program to begin accepting applications year-round with quarterly funding windows starting with the 2024-2025 school year. New applications open March 1 annually. Details regarding the quarterly funding windows can be found on the website.

How much money does the scholarship provide?
It will vary each year depending on the amount of state aid funding per pupil provided to county boards of education for public school students. For the 2023-2024 school year, the scholarship amount was **$4,488.82**, up from $4,298.60 for the 2022-2023 school year.

How are Hope Scholarship funds distributed and spent?
For the 2022-2023 and 2023-2024 academic years, the Treasurer's Office contracted with a third party to administer Hope Scholarship accounts electronically through the Education Market Assistant (EMA). The EMA functions as a digital wallet and serves as a scholarship management platform for parents and providers. Each family had access to an EMA account for each eligible student in their household. Families then spent their Hope Scholarship funds directly through the EMA platform with participating schools, education service providers, and suppliers for qualifying expenses. Payments for qualifying purchases are made via an ACH transaction directly to the school, vendor, or supplier. The Hope Scholarship Board has approved a very limited reimbursement policy which can be found at www.HopeScholarshipWV.com.

What can Hope Scholarship money be used for?
Qualifying educational expenses under the Hope Scholarship Act and legislative rules include but are not limited to:
- Tuition and fees for private school, nonpublic online programs, or alternative education programs
- Services provided by a public school (extracurricular, individual courses)
- Tutoring services
- Fees for standardized or advanced placement exams
- Fees for preparation courses
- Educational services and therapies
- Supplemental materials (supplies, textbooks)
- Transportation fees
- Any other qualifying expense as approved by the Hope Scholarship Board

The full list of approved qualifying expenses can be found in the Parent Handbook at www.HopeScholarshipWV.com.

When do funds become available for families?
Under the Hope Scholarship Act, funds are statutorily designed to be distributed in two equal installments: the first half available in student accounts by August 15 annually with the second half available by January 15 annually. Funding is generally processed once per month outside of the two main statutory funding windows set forth in statute to fund students who are approved outside of the primary application window.

Location of Nonpublic School Payments

The Hope Scholarship Act does not require schools or education service providers to be located in West Virginia. This allows students, especially those in border counties, to seek educational opportunities in surrounding areas that might not be available locally. Additionally, virtual schools or online service providers might be based out-of-state and register to provide services to West Virginia students.

Data with spending by state is provided below, with additional spending details by school and service provider available in the Appendix.

HOPE SCHOLARSHIP

Location of Education Service Provider Payments

An "Education Service Provider" is a person or organization, not including a nonpublic or West Virginia public school, that is authorized by the Board to receive payments from Hope Scholarship accounts to provide educational goods and services to Hope Scholarship students. Education Service Providers are required to sign up for participation in the Hope Scholarship Program through the online platform. Microschools are also included as Education Service Providers and are required to register through the online platform as well.

The Hope Scholarship Act does not require schools or education service providers to be located in West Virginia. This allows students, especially those in border counties, to seek educational opportunities in surrounding areas that might not be available locally. Additionally, virtual school or online service providers might be based out-of-state and register to provide services to West Virginia students.
